

Teddy and Terry Take Transportation

Teddy and Terry Go in the Car

Terry is a sweet 4-year-old boy
Teddy is his smart stuffed toy

Today mom takes them in the car for a drive
That's when Teddy comes alive

Teddy makes sure Terry puts on his seatbelt
Teddy's help makes Terry's heart melt

Teddy tells Terry to look outside
They see quite a bit on their ride

They see a stroller being pushed by a mom
They see Terry's good friend Tom

Driving by a park, they see a fountain with water
They see a dad and his cute little daughter

(This sample is part of a series where Teddy and Terry also go on a bus, train and airplane to help teach young children about Transportation.)
